ROXOR HDUV

A. ROXLINER™ floorboard and cargo bed adds maximum durability and enables easy cleanup.

B. Bed and side rail tie-downs secures your cargo over rough terrain.

AN **INDESTRUCTIBLE** STEEL BODY. NOTHING INFERIOR HERE.

Mahindra engineers the official tractor of tough. Now, we've used the same engineering and materials to build the world's toughest side-by-side. At 3/4-ton industry-leading payload, no other UTV can endure the abuse or environments we put the ROXOR's heavy-gauge steel frame and body through. And when you factor in a 55-hp Turbo Diesel engine, you have a vehicle that can go anywhere. **WE DARE YOU TO COMPARE.**

C. New farm-tough 55-hp Turbo Diesel Engine with 5-speed manual transmission and 2-speed 4x4 transfer case.

**Tier 4 certified with 0% regen.
NO DEF required.**

D. Stow your valuables using our lockable driver and passenger underseat storage.

E. Our cabs come with defrost, heat and air conditioning for those long, miserable days.

HARSH WEATHER IS A BREEZE FOR ROXOR. BUT FOR PASSENGERS, WE'VE ADDED A COMFORT CAB.

Our cabs include air conditioning and heat so you can get out and stay out all day comfortably. We also added windshield wipers, window-defrost, halogen headlights, and new low-profile LED taillights to **TAKE ON EVERY ENVIRONMENT.**

F. 8000 lb WARN winch might just help John get his tractor unstuck.

G. New heavy-duty suspension increases payload to 3/4 ton without sacrificing ride and handling.
